

1 Barcinas were in the house. I saw the lights go on and off several times in the house. I saw my
2 husband come out the door and start to put his shoes on quickly. I saw Barcinas grab his hand and
3 try to pull him back into the house. I heard Barcinas tell him to come in. I heard my husband say
4 I cannot, my wife will know. Barcinas said if you don't tell her, she won't know. My husband said
5 even if I don't tell her, she will know. Barcinas pulled him back into the house, but he came out
6 again shortly. He was very upset, and he smelled of perfume. He told me that Barcinas was
7 grabbing and kissing him in the house.
